GOOD LIFE

Thames Ditton

Hello and Welcome!

I'm Geoff, the owner of Good Life Gymnastics, and I'm delighted to have you and your child join our club.

I hope your child enjoys their very first class and that this is just the beginning of an exciting gymnastics journey with us for many years to come.

Since starting Good Life Gymnastics in 2015, we've grown into a thriving community with 8 venues across Surrey, running classes 6 days a week, for children ages 3 to 16 years.

Below, you'll find all the key information about how we run and the many benefits of being part of our club.

Thank you for choosing Good Life Gymnastics – we're thrilled to have you with us!

Best wishes,

Geoff

KEY INFORMATION

MONTHLY SUBSCRIPTIONS

- Recurring payment taken every **1st of the month**.
- Although classes run term time only, 37 weeks per year, subscription will be taken every month, including during all holiday periods, as the cost per month is based on a 12-month average monthly cost.
- The subscription is **ROLLING** - this means your place in class is always guaranteed and no re-enrolling is necessary. The subscription will continue until you decide you no longer want to continue. In this case, please follow the one month cancellation process as highlighted below.

CANCELLATION

- Cancellations must be made through the **Contact Us** section on our website.
- **One month notice** is required (subject to terms and conditions). If you submitted your form by the end of the month, your last payment will be on the 1st of the following month, and your child is entitled to attend until the end of the following month.

TERMS AND CONDITIONS

CLASSES

WARM-UP AND SKILL PREP

Each class starts with a **10-minute warm-up and stretch**. This includes an exciting pulse raiser, which is usually a gymnastics based game or workout style activity ending in a full body stretch, which gets the children ready for safe exercise.

The gymnasts will then participate in '**Skill Prep**' which will prepare for the upcoming skill session. The children will focus on core skills that will help with the more challenging exercises to follow. These exercises build muscle memory and increase spatial awareness. **All children are split into groups according to age, ability, and ratio.**

3-6 years

The **3 yrs** group will have a circuit made out of colourful objects and hand apparatus that they can follow like bread crumbs, which we have engineered to include important skill development exercises.

The **4-6yrs** group will begin their gymnastics journey with beginner-level skills with the knowledge that once their strength is built they progress to harder skills as they get older and better.

6-8 years and 8-10 years

Our **6-8yrs** and **8-10yrs** classes follow the same equipment structure as the 4-6yrs age group, however, they have harder exercises to suit their age/ability and keep them engaged in their lessons.

Beginners will be kept at a level appropriate for them, however, those that show more capability will be taught progressions of basic skills and be pushed to their own capabilities.

Tween & Teen

The **Tween & Teen** class is a mixture of everything where we help them follow the steps of the class and maintain strength and fitness, however, we give them a little more flexibility, at the same time, to choose what they would like to learn and achieve.

They will also be pushed to their own capabilities and given the chance to join our **coaching team** for a potential coaching profession.

To become really good at gymnastics, **the key is repetition** - doing skills over and over again to eventually gain perfection. This can be quite boring for children, therefore, at **Good Life Gymnastics**, we have recognised this and feel it is more important for the child to love the sport of gymnastics rather than the punishing repetition.

We've put together a schedule of **exciting weekly themes** that complement the important repetition of skills to help keep children engaged and excited to learn. We've also introduced **special themed weeks** to encourage participation and fun.

At the end of every term, we always invite parents in for a **watching week** so you can see your child's progress. We don't do this on a weekly basis as it's quite distracting for the children and independent learning is a big focus for us.

At **Good Life Gymnastics**, we believe in building confidence! **Welcome to our club!**

Frequently Asked Questions

Why should I book a trial?

We encourage all children new to Good Life Gymnastics to book a trial in the class before subscribing to the membership to ensure that your child is happy in the class you have chosen and that it is right for you. We then ask for you to subscribe to our monthly membership following the trial class. A joining fee is applicable.

Does my child have a secured place following my trial?

Once you are accepted into a class for a trial, this secures your place within the class. This place is guaranteed for 24 hours following your trial, when we ask you to follow the link via the invitation sent to you after the trial class and join our subscription.

How do I subscribe after my trial?

An invitation to subscribe will be sent after your trial. Look out for an email/text sent by us (check junk mail also) and follow the link. Please note that we will only be able to hold your place for 24 hours following your trial, after which your place will be offered to the next person on the waiting list.

If I join in the middle of the month, how can I pay for the remaining sessions?

A cover charge will be added to your first subscription fee payment, which will be taken on the 1st of the following month. The computation for this is the price per class x number of weeks left in the joining month.

Do I have to renew my subscription every term?

The subscription is rolling - this means your place in class is always guaranteed and no re-enrolling is necessary. The subscription will continue until you decide you no longer want to continue.

Can I watch my child's class every week?

We are a drop-off only gym and do not allow parents in the gym at any time. Parents are only allowed into the gym during Watching Weeks.

What happens if my child has a birthday and is supposed to go into the next class?

We will keep an eye on the registers and move your child up as soon as there is a place in the next class. If they have to stay in the younger class, we will ensure that they are kept with their age group and pushed to their ability whilst waiting for a place.

Can I switch between venues if I can't make a class?

When you sign up to a class within a venue, you are committed to that class going forward. If for any reason you are unable to attend that class, unfortunately, you cannot attend a class at a different time or venue. We do not offer refunds for missed classes. If you are no longer able to attend your class but would like to continue with us at a different venue or time, we can assist you in transferring if a place is available in the class that you wish to move to. Talk to the manager of your club or email info@goodlifegymnastics.com. All availability can be seen via the website.

What happens if my child leaves something behind?

There is a Lost and Found box in every gym. Please ask the gym manager if you have lost anything.

Do I have to give notice if I want to cancel?

If you decide you want to leave us, we ask for 1 month written notice through our cancellation form on our website: www.goodlifegymnastics.com/contact/ given no later than the last day of the month.
